To the Home Educator

I'm so glad you've chosen to use our materials in your homeschool journey. We believe learning should be simple and enjoyable – not stressful or overly complicated. Home education is meant to build connection between you and your child, not rely on endless repetition or pressure.

At *Plain and Not So Plain Academy*, we focus on the basics – reading, writing, and arithmetic – and build from there with real-life learning. This approach takes the fear out of teaching and helps your child gain confidence as they complete their lessons, leaving more time to explore personal interests and develop creativity. I encourage you to turn off the screens when possible and spend time outdoors. Let your child explore, play, help with chores, prepare meals, and join you on errands. Everyday life offers the best opportunities to teach character and practical skills.

Make weekly trips to the library and enjoy books together. If your child struggles with a concept, review it gently and make it fun. If a worksheet feels too long, complete part of it and take a break – no stress. As your child begins reading, choose simple books and progress as they're ready. Read aloud often and share stories that inspire imagination and curiosity. A love of reading grows naturally through daily practice.

This book includes 120 lessons for first grade. No formal kindergarten is needed. At the top of each page, you'll find suggested pacing; if none is listed, simply complete one page per day. That's enough for three days a week over forty weeks. Use your remaining days for hands-on, real-life learning and family time.

**Be blessed,
Amy Maryon**

In this lesson you will be learning the word "I," "a," and "an." You simply say the letter for the word "I" and the word "a". Let's try it with some simple sentences.

I get.

I get wet.

I bet.

I bet Mom.

I sip.

I sip pop.

I had.

I had a cat.

I got.

I got ham.

I hug.

I hug Dad.

I win.

I win a bat.

I pop.

I pop a bag.

I dug.

I dug an ant.

I pet.

I pet a rat.

I ran.

I ran a lot.

I sit.

I sit a bit.

Teach your child that sentences begin with a capital letter and end with a period, question mark, or exclamation mark. Show them what that looks like.

Dictate the following sentences: I got jam. I hug Mom. I had fun. I pet a pig.

Up to this point we have been learning about short vowel sounds. Now we are going to learn about long vowel sounds.

Long vowel sounds are easy, because the vowel just says its name.

The way we usually make a vowel say its name is by adding the letter "e" to the end of the three letter word. The "e" we add stays silent but it changes the short vowel sound to a long vowel sound.

I remember saying the rule for vowels:

The first one does the talking and the second one does the walking.

Over the next lessons we will be learning about long vowels.
